CALL FOR PROPOSALS

2021CE160AT032

Promoting youth participation in just transition – EUTEENS4GREEN

Questions & Answers (Q&As)

09/12/2021

You will find below a list of questions received for this call for proposals. Please note that the present document aims to complement and clarify the call for proposals and does not replace it. A Q&As document will be periodically published; applicants are invited to check this website regularly.

Q1.

As NL coordinator of the European Climate Pact, one of my tasks is to strengthen youth participation in the field of climate, environment and sustainability. I want to make sure the relevant youth groups and youth workers groups know about this call.

Could you tell me which regions in the Netherlands are eligible for this call?

So far I get mixed information whether only the province of Groningen would be considered a JTF region, while the NL government and province of Limburg are telling me that also the port regions of Amsterdam, Rotterdam, Zeeland and the province of Limburg fall on this region.

A1.

The map in the call for proposals contains territories which have JTF characteristics according to analysis conducted by the European Commission. The list of territories eligible for EU funding under the Just Transition Fund could cover also other territories. This will depend on the approval of programmes 2021-2027. For the purpose of this Action, only territories in the map will be considered for projects by teens.
